Dear Property Owners and Residents:

Re: Notice of Roundabout Construction on Sturgeon Road

We are writing to let you know that Sturgeon County is planning significant infrastructure improvements in your area in 2024. This Spring, a Sturgeon County contractor will be building a roundabout on Sturgeon Road and Range Road 250. This project is intended to improve the flow of traffic and improve safety for those using the intersection.

This project was identified as part of the annual Capital planning process and is in alignment with the current Sturgeon Valley Off-site Levy Bylaw and Transportation Master Plan. Off-site levies are paid by developers as a condition of subdivision approval. They are not paid by homeowners or future home buyers. The completion of this partially developer funded intersection upgrade will ensure that this intersection continues to function at an acceptable level of service for years to come, while supporting development in the Valley and improving safety.

Scope of Work

The construction will require the realignment of the existing road. This work will address the flow of traffic through the intersection and improve safety for the public. We expect that the project will take about eight weeks to complete. Please be aware that construction schedules may change depending on weather conditions.

What this means to you

There will be Sturgeon County project personnel, construction crews, and equipment working in the area. Construction will take place Monday to Saturday between the hours of 7 a.m. - 7 p.m. Sturgeon Road will remain open to traffic during construction.

Staying in touch

To stay up to date on all our projects, please visit the road construction project pages on our website at www.sturgeoncounty.ca/Roads. We encourage you to sign up to follow this construction project, as well as any others that may be of interest, and receive weekly progress email updates. If you have any questions or concerns, please call 780-939-8252 or email projects@sturgeoncounty.ca.

We appreciate your understanding as we work to enhance Sturgeon County's infrastructure.

Sincerely,

Max Adu-Safo

Acting Director, Transportation & Engineering Services, Sturgeon County
