Dear Property Owners and Residents:

Re: Resident Information Session – Villeneuve Drainage Project

As part of our commitment to keep our residents informed about Sturgeon County's construction projects, we invite you to join us at an information session regarding an upcoming drainage project in your community.

The County is in the planning phase for a project that will provide significant drainage improvements in the Villeneuve area. This project will enhance drainage from St. Peter's Cemetery on the northeast corner of Highway 44 and Highway 633 intersection, ensuring better water flow southeast under Secondary Highway 633 to Range Road 264.

The drainage channel route is proposed to follow as closely to the highway as possible, while carefully avoiding St. Peter's Cemetery.

Information session

Please join staff from Sturgeon County's Transportation & Engineering Services Department to learn more about this project.

Date: Wednesday, July 10, 2024

Time: 6 p.m. – 8 p.m.

Location: Villeneuve Community Hall, 54200 Range Road 265 #61

Staying in touch

To stay up to date on all our projects, please visit the road construction project pages on our website at www.sturgeoncounty.ca/Roads. We encourage you to sign up to follow this construction project, as well as any others that may be of interest, and receive weekly progress email updates.

If you have any questions or concerns, please call Stephen Hinton at 780-939-0600 or email shinton@sturgeoncounty.ca.

We look forward to sharing this project with you and answering your questions at this information session.

Sincerely,

Max Adu-Safo
Acting Director, Transportation & Engineering Services
Sturgeon County
